

HANDMADE IN THE USA

TOMCAT

COMMERCIAL CLEANING EQUIPMENT

Deep Clean Large Area Rugs Quickly.

SUPERDUTY CARPET EXTRACTOR

12 gal.

Optional Retractable wand and hose holder.

Single screw removal allows for complete inside access.

Optional Cord wrap with quick-release. Just rotate the top holder and you are ready to go! No unwinding required.

- 1** Red Arrows Show heated / high-pitch air exiting the motor into the exhaust manifold.
- 2** Orange Arrows show air moving through the exhaust manifold. High frequency noise is deflected against sound absorbing material, as air is gradually released.
- 3** Yellow Arrows show air exiting the noise diffuser without the high pitch noise of the fan blades.

Noise Diffusing Exhaust Manifold
The "Noise Diffusing Exhaust Manifold" suppresses high frequency sound with its noise canceling technology. Motor exhaust is directed through exhaust grates which redirects sound waves while gradually releasing exhaust. No back pressure is generated from this device as it scrubs 8dB and 11 sones from the final exhaust.
