SUPERDUTY CARPET SPOTTER
3 gal.
The “Noise Diffusing Exhaust Manifold” suppresses high frequency sound with its noise canceling technology. Motor exhaust is directed through exhaust grates which redirects sound waves while gradually releasing exhaust. No back pressure is generated from this device as it scrubs 8dB and 11 sones from the final exhaust.

1. Red Arrows show heated / high-pitch air exiting the motor into the exhaust manifold.
2. Orange Arrows show air moving through the exhaust manifold. High frequency noise is deflected against sound absorbing material, as air is gradually released.
3. Yellow Arrows show air exiting the noise diffuser without the high pitch noise of the fan blades.
New Generation of Durability

- Built In Cord Wrap: Ease of Access and Storage
- Top Mounted Controls: Ease of access
- Stainless Steel Heater: 1000 watt high performance
- Brass Quick Disconnect: Speedy Assembly
- Stainless Steel Rotary Latch: Secures Recovery Tank
- Stainless Steel Debris Guard: Stops Debris from Vac Motor
- HD Tangential Vac Motor: Side Discharge allows long life
- Stainless Solution Filter: Heater & Pump Protection
- Non-Marking Sealed Wheels: Ease of Transport
- Noise Diffusion Manifold: Low dB

Recovery Tank Clear Lid: Monitor Foam and Levels

- HIGH TRAFFIC
- UPHOLSTRY / WALLS
- DETAILING

Standard Non-Heated Hand Tool:
#820-0029
4” Arcylic Clear-View Hand Tool with Viton Seals

Optional Hand Tool:
#820-0041
4” Stainless Steel with Clear-View Hand Tool with Brass Valve and Jet

Standard Heated Hand Tool:
#820-0040
4” Stainless Steel Hand Tool with Brass Valve and Jet
Since 1986, our family owned company has been designing, building and supporting the best in floor maintenance equipment. Our **TOMCAT** brand services the world with unsurpassed commercial cleaning equipment, continually exceeding expectations and setting the industry bar that much higher. We favor the American Economy, and are committed to legitimate environmental best practices. Our investment in technology ensures a superior product and support for our customers. We want to ensure that we provide only the best in customer service, and that begins with our knowledgeable in-house customer support staff.

We’ve built our reputation by providing the highest value machines and providing local support via over 425 distributors in 42 different countries. Our Authorized Distributors maintain a “factory trained” technical department, with a vested interest in our customers’ long term satisfaction. **TOMCAT** offers a full line of equipment that includes sweepers, scrubbers and burnishers in both walk behind and rider models.

### Body Construction/Dimensions

- **Tank Material:** Poly (3/8” thick) (1 cm)
- **Rear Wheels:** (2) 4” diameter (10 cm)
- **Size (L x W x H):** 21” × 9” × 19” (53 cm × 23 cm × 48 cm)

### Solution System

- **Solution Tank Capacity:** 2.9 gallons (11 liters)
- **Water Jet psi:** 55 psi / 120 psi / 170 psi
- **Heater (Optional):** Stainless Steel 201° / 7amp / 1000watt
- **Solution Filter:** Stainless / Inline

### Recovery System

- **Recovery Tank Capacity:** 2.6 gallons (9.8 liters)
- **Vacuum Power:** 1.0 hp (745 watts)
- **Vacuum Specs (lift/airflow):** 77” / 92 cfm (196 cm / 43 l/s)
- **Vacuum Hose:** 1-1/4” × 8 ft
- **Hand Tool:** Acrylic Clear View (Standard - Non-Heated Units) / Stainless Steel (Standard on Heated Units)
